PUPILLAGE OVERVIEW

Landmark offers up to three London based pupillages of twelve months' duration each year, during which time our pupils benefit from training in all of Chambers' complementary practice areas. We offer a grant of £65,000 per pupil, which includes an optional £25,000 drawdown. Chambers also funds our pupils' attendance at multiple external training events throughout their pupillage year, including the compulsory courses required of pupils by the Bar Standards Board and the Inns of Court.

The pupillage year is divided into four seats of three months each, during which time you will have the opportunity to work with a cross-section of members and we will arrange for our Silks to act as your satellite supervisors on more complex cases. This will allow you to experience a wide variety of work and take advantage of Landmark's unique position as a leading specialist set, with significant overlap between its private and public law practices. In your second six months you will also be offered opportunities to appear in court of your own accord, usually in the County Court or First-Tier Tribunal.

We are committed to providing our pupils with high-quality and constructive training. To that end, you will receive regular feedback from your supervisors and, at the end of the first and third seats, you will be invited to participate in formal feedback sessions with the Chair and Secretaries of our Pupillage Committee. Finally, our pupils participate in and receive feedback in relation to, three written and one oral advocacy assessments during their pupillage year.

OPEN EVENINGS

Landmark holds several open evenings throughout the year, which all students in higher education are welcome to attend.

During the events, students are given the opportunity to hear from a diverse range of Chambers' barristers on their areas of expertise. You will also have the opportunity to ask our Pupillage Committee questions about the pupillage application process and the structure of pupillage itself. The next open evenings will be held as virtual events, on Wednesday 17 November 2021 and Wednesday 26 January 2022, from 17:00 onwards.

If you are interested in attending an open evening, please contact Landmark's HR and Administration Manager, Natasha White-Foy at:

LIFE AS A PUPIL

Pupillage is always going to be a challenge; however looking back on my recent experience of pupillage I am confident that Landmark made the process as comfortable as it is possible to do so, without compromising on the very high standard of training. From the beginning it has been made clear to me that my development is a priority and that I can ask for help. Any anxious thoughts I had were quickly dispelled by the transparency of the tenancy decision-making process. The focus is squarely on meeting the required standard, rather than on any of the other non-work related things one tends to worry about as a pupil. My overriding impression of Chambers is of a welcoming, inclusive and friendly work environment. There is a very clear expectation that pupils do not work late and at weekends. That held true throughout my pupillage.

Pupillage at Landmark is structured around four three-month seats with a different supervisor, the first three seats covering Chambers' main areas of planning, public and property law respectively. At the end of each of those seats you will undertake a written assessment set by a senior member of Chambers. The assessments are designed to be challenging, but you are provided with detailed feedback afterwards. There were also two advocacy assessments which provided useful opportunities to practise before doing my own hearings.

It has been incredibly exciting to learn from barristers right at the top of their fields. At Landmark you are given plenty of opportunities to spend time with silks and learn from them. The work usually involves providing a first draft of a written advice, pleadings or skeleton argument, or otherwise assisting with hearing preparation and research. Feedback is prompt and targeted at your development.

The breadth and quality of the work is very high. Just as one example, in my first week of pupillage, I attended a remote Supreme Court hearing relating to the proposal for a third runway at Heathrow Airport. This is characteristic of Landmark's high-profile practice, which it maintains

because of its excellent reputation across its practice areas. These are areas that really matter in modern society and over pupillage it has been very rewarding to have found that cases I am assisting with are regularly featured in the news.

Since being offered tenancy, I have been working mostly on my own cases, although the extent to which you do your own work during the second six varies. As I begin to take on more work, I have been supported by committed pupil supervisors, an impressive practice management team and a network of very talented juniors who are always willing to answer any queries I may have. I am looking forward to developing my career further with the support of Chambers.

LIFE AS A TENANT

The first few years of tenancy at Landmark offer a real variety of experience and, crucially in my view, freedom to develop your practice in accordance with your own goals and aspirations.

When junior tenants start at Landmark, they are part of a practice management team that allows them to work across all of Chambers' practice areas. This has unique advantages, since it enables you

to discover which areas you enjoy and want to specialise in. It also gives you experience of different types of cases and legal forums.

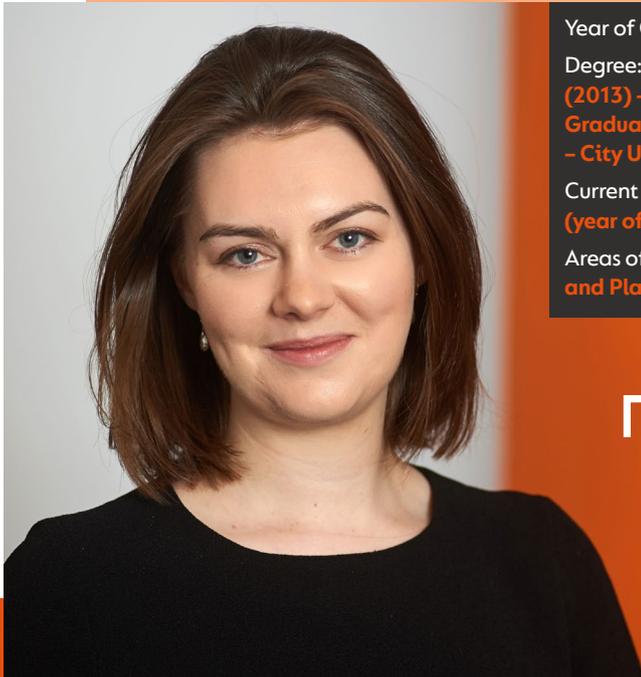

Another major benefit of being a junior tenant at Landmark is the amount of high-quality led work. I have been lucky enough to work with many of Landmark's silks in high profile inquiries and cases, including in the Court of Appeal and Supreme Court.

While it is normal at Landmark to initially practise in all Chambers' specialisms, as time goes by the excellent practice management team helps you to refine your practice.

I now practise in all aspects of planning and public law. In the last year I have appeared in the Supreme Court in a case about national planning policy and am representing a large group of victims in the Infected Blood Inquiry – the biggest public statutory inquiry ever.

A discussion of life as a junior tenant cannot omit to mention Landmark's excellent, and award-winning, wellbeing offering. Whilst all new tenants are assigned a mentor, the reality is that everyone in Chambers is happy to listen and to provide assistance and guidance. New tenants are also very well supported by the Practice Management team.

All of these factors mean that Landmark is an excellent Chambers at which to start your career. It is a perfect place to develop a diverse, vibrant and rewarding practice in a supportive environment.

MINI-PUPILLAGE

Landmark runs a comprehensive mini-pupillage programme from Chambers' offices in London, taking up to 60 students per annum for a period of three to five days' duration.

STRUCTURE OF MINI-PUPILLAGE

During your mini-pupillage, you will be supervised by a junior member of Chambers who will be responsible for ensuring that you participate in a broad cross-section of work.

We will place you with a practitioner who specialises in at least one area of interest to you. This will give you the opportunity to explore what life is like at the junior end of the Bar.

Our mini-pupillages are designed to provide students with valuable insight into the realities of life at the Bar and improve your understanding of how our areas of expertise operate in practice. We do not therefore assess our mini-pupils in any way and our placements do not form part of our pupillage selection process.

MAKING AN APPLICATION

We run three mini-pupillage intakes per annum and offer between 15 and 20 students a placement during each. The first intake takes place in February and March, the second in May and June and the third, in October and November.

Chambers offers all mini-pupils a maximum reimbursement of £100 for reasonable travel and lunch expenses. Additionally, Landmark operates a discretionary accommodation funding scheme for students visiting from outside of London.

For further details of how to apply, please visit Landmark's mini-pupillage recruitment page:

"I couldn't have asked for more from my supervisor, he was friendly, knowledgeable and honest, and I learnt a lot from talking to him.

Landmark have come across in an extremely positive light, and their culture appears enviable. I will definitely be applying here for pupillage in the future."

Frances, Mini-Pupil

MOOT COMPETITIONS

PROPERTY

Landmark's Property Moot Competition provides students who are particularly interested in property law, with an opportunity to develop their understanding of the subject and to gain some insight into the realities of practice through meeting members of Landmark's Property Team.

If you are an LLB student and would like further information, please visit:

landmarkchambers.co.uk/pupillage-recruitment/property-moot

If you would like to register your University's interest, please send an email to:

propertymoot@landmarkchambers.co.uk

JUDICIAL REVIEW

Landmark's Judicial Review Moot Competition provides students with an excellent opportunity to apply planning and environmental law, in a public law context and gain insight into some of Chambers' key practice areas prior to applying for pupillage.

If you are an LLB, LLM, GDL or BPTC student and would like further information, please visit:

landmarkchambers.co.uk/pupillage-recruitment/judicial-review-moot

If you would like to register your University's interest, please send an email to:

judicialreviewmoot@landmarkchambers.co.uk

BOTH COMPETITIONS

Both competitions comprise three knock-out rounds followed by a Grand Final, which traditionally takes place at the Royal Courts of Justice. The two individual competitors in each competition who obtain the highest scores in the Grand Final, will each be awarded £500 and the opportunity to undertake a mini-pupillage in Chambers.

During the first round every student who enters the moot will be provided with the opportunity not only to hone their research, drafting and advocacy skills, but also to hear more from us about life at Landmark and at the Bar. To that end and in addition to the moots themselves, competitors will be given the opportunity to participate in law workshops with members of Chambers and ask our Pupillage Committee questions about the pupillage application process and the structure of pupillage itself.

Please note that Landmark Chambers will only accept **one team per University, per competition** and would therefore prefer to be contacted by a member of faculty or the person responsible for the organisation of external moots.

HOW TO APPLY

HOW MANY PUPILLAGES ARE AVAILABLE EACH YEAR?

We offer up to three 12-month pupillages per year: one property pupillage and up to two pupillages for those who have a particular interest in at least one of Landmark's practice areas. We offer pupillages to those applicants whom we believe have a realistic prospect of achieving a tenancy with us. Importantly, our pupils are not in competition with one another for a tenancy but are assessed solely on their own abilities and performance.

WHAT PASTORAL CARE DOES LANDMARK OFFER?

All pupils are supported by a supervisor, as managed by the Pupillage Committee, which is made up of a cross-section of Chambers' membership. In addition, pupils may be assigned a Silk for more complex cases. Landmark's independent mentoring programme ensures that pupils have more informal support that covers technical, pastoral and career areas separate from their supervisor.

APPLICATION PROCESS

Landmark participates in the Bar Council's **Pupillage Gateway system**. If you wish to apply to undertake a pupillage in our Chambers, please note the timetable below:

- 1 January 2022**
